The Crous de Paris, certified as « Terre de Jeux 2024 », is part of the adventure of the Paris 2024 Olympic and Paralympic Games! The Centre sportif universitaire (CSU) Jean Sarrailh has been officially selected as a Games Preparation Center (GPC).

Located in Paris downtown, the CSU is the reference location for university sports in Paris.

It also has a strong experience in hosting national and international training sessions and competitions (official training site for the men's handball World Championships in 2017, official training site for the EHF women's EURO in 2018, national training camp para badminton, international fencing competition, French university wrestling championships, kyudo World Cup in 2014, etc.).

The CSU provides you with new high-level sports halls and equipment, as well as complementary services allowing you to train in the best conditions.

Currently under construction (but available for visits), its inauguration is planned for the last quarter of 2023. It will extend over 3 levels and will be composed of different fully equipped spaces allowing for optimal sports performance.

We look forward to welcoming you there!
